

**In the Description**

Kindly change the text of Paragraph [0051] as follows:

**Figure 10** depicts the ~~flow of liquid and gas through~~ three pieces that compose atomizer **600**.

Kindly change the text of Paragraph [0052] as follows:

**Figure 11** depicts ~~some important dimensions and parameters of the~~ flow of liquid and gas through atomizer **600**.

Kindly change the text of Paragraph [0053] as follows:

**Figure 12** depicts the ~~three pieces that compose illustrative~~ some important dimensions and parameters of atomizer **600**.

Kindly change the text of Paragraph [0080] as follows:

The remainder of this Detailed Description pertains to atomizer **600**, which is a specific implementation of the illustrative embodiment (*i.e.*, atomizer **400**). The structure of atomizer **600** is described in Section IV.A, in conjunction with Figures 6A-6B, 7-9 and ~~[[12]]~~ **10**. In Section IV.B, and in conjunction with Figure ~~[[10]]~~ **11**, the fluid flow through atomizer **600** is described. Design considerations for atomizer **600** are presented in Section IV.C, in conjunction with Figure ~~[[11]]~~ **12**. An example of a working nozzle is provided in Section IV.D with reference to Figure 13. Finally, in Section IV.E, a system for fire-suppression that employs atomizer **600** is depicted in Figure ~~[[13]]~~ **14**.
